TONGANOXIE, KANSAS
2014 PARISH DIRECTORY

PASTOR'S PAGE

Father Mark Goldasich, Pastor

Dear Parishioners,

I once read of a Japanese magazine that had a picture of a butterfly on one of its pages. The color was dull gray until warmed by a person's touch. The touch of a hand caused special printing inks to react and the dull gray was transformed into a rainbow of colors.

Well, you won't find that special ink in these colorful pages, but a directory is always an invitation to touch the lives of fellow parishioners and make them more vibrant. Many times we'll see a familiar face at Mass, but don't have a name to go along with it. This directory is a remedy for that! And something as simple as knowing someone's name can make a person feel more at home and a bigger part of our parish family.

If you're up for a little challenge, how about trying to learn the name of one new family a month? Being able to exchange the sign of peace at Mass, for example, using the person's name is sure to produce a bright smile on the faces of both parties.

Realistically, this directory will be outdated the minute you get it. People will have moved into and out of the parish, additional children will have been born to families pictured here and, sadly, maybe even some people will have entered eternal life. But it does provide a snapshot of our parish at a particular period of time. And, on the positive side, even though this directory will be a bit outdated, it means that our parish is alive and continuing to grow and change.

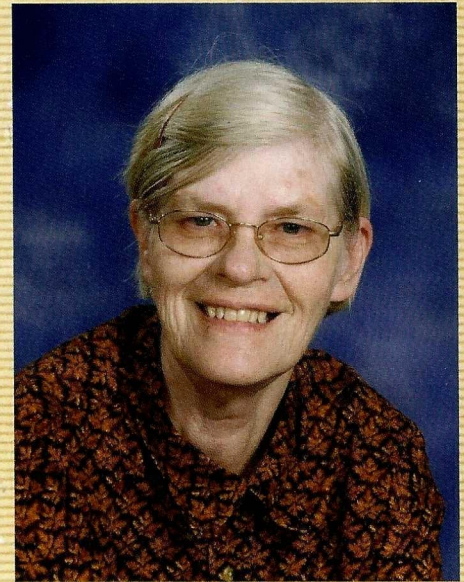

May God continue to bless us at Sacred Heart and help us touch the lives of all with joy and compassion, changing our world from dull gray to vivid color.
