**Sacred Heart Catholic Church
Tonganoxie, Kansas**

WE DON'T TRAVEL THIS ROAD ALONE.

It's the oddest thing: I'll dial a wrong number and end up talking for 15 minutes anyway. And I can't walk for exercise anymore...because every car that passes offers me a ride. I've even gotten to the point where I don't use my car's turn signals—since everyone knows already which direction I'm heading.

Yes, these are some of the things that I've come to love about living in a small town.

When I was first assigned to Sacred Heart in 1991, I was filled with trepidation at the thought of living "in the country." It didn't take me long to realize, though, that what we had here was a wonderful parish community where we know one another and treat the church as our "home." It's that feeling of family that is most attractive about a parish like ours.

But, as they say, the times they are a changin'. If nothing else, our newly opened four-lane highway will see to that.

Just as good roads opened up the West for an influx of settlers over a century ago, so this road will open up Tonganoxie. It looks to be both a blessing and a curse. Obviously, as our parish grows, we'll lose something of the family atmosphere that is so attractive. On the other hand, more families will bring with them the promise of new ideas, new blood, new talents and new possibilities.

I don't have a magic crystal ball to gaze into and discover exactly what the future holds. However, I am confident that we'll tackle whatever comes along with our hearty, creative and adaptable Kansas spirit. Perhaps our state motto, "Ad Astra Per Aspera" ("To the stars through difficulties"), is a good thing for us to reflect on as we continue our journey of faith both as individuals and as a parish. We will continue to shoot for the stars and not shrink from the hard work that reaching them entails.

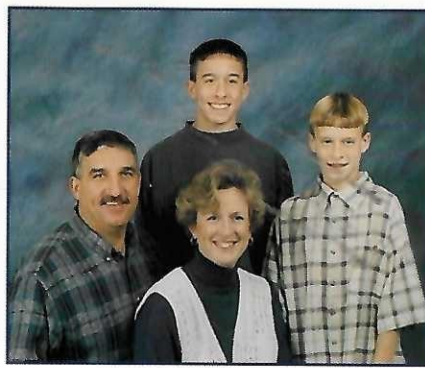

Maybe the road is a good symbol for us to keep in mind as we Catholics here at Sacred Heart prepare for the future. Our faith reminds us that we are a pilgrim people. Let's push on in faith, trusting that God is right there with us.

And, with God there beside us, why shouldn't we reach for the stars?
