Original concept art of Parish Center

You are the light of the world. A city set on a mountain top cannot be hidden. Nor do they light a lamp and then put it under a bushel basket; it is set on a lamp-stand, where it gives light to all in the house. Just so, your light must shine before others, that they may see your good deeds and glorify your heavenly Father. -Mt 5: 14-16-

LETTER FOR THE PICTORAL DIRECTORY

There's a nice story about a little girl who walked to and from school everyday.

One day, though, billowy clouds in the morning turned into threatening weather by the afternoon. The winds whipped up, along with lightening and thunder. The girl's mother felt that her daughter would be frightened as she walked home, and she herself feared that the electrical storm might harm her child. Full of concern, the mother quickly got into her car and drove to her child's school.

As she did so, she soon saw her little girl walking along. Surprisingly, at each flash of lightening, her daughter would stop, look up and smile. Another and another were to follow quickly and, with each, the little girl would look at the streak of lightening and smile.

When the mother's car drew up beside the child, she lowered the window and called to her daughter, "What are you doing? Why do you keep stopping?" The child answered, "I'm trying to look pretty, Mommy. You see, God keeps taking my picture."

That story reminds me a lot of the parish here at Sacred Heart, especially over the past couple of years. We have endured many "storms" — the decision to move our parish plant to its new location, the concerns of raising enough money, the pain at leaving behind so many memories of our century-plus little country church, our questions of could we adjust to a multipurpose building. Rather than letting our fears take over, we had the courage — like that little girl — to smile at the challenges and keep right on going. Why? Because we knew that God was there with us in our efforts.

We've accomplished so much and should be grateful for that and enjoy it. And even though there's plenty still to do, there's also many heads, hands and hearts to see things through ... as illustrated by this directory. So, let's keep going confidently forward, knowing that God is there to bless and guide us ... rain or shine.
